About me

A motivated student with ambitious goals to make a meaningful impact in every endeavor. An internship in the field of Computer Science allows me to apply and enhance skills gained through academic and practical experiences.

Education

University of Central Florida   **Orlando, Florida**
B.S., Computer Science; Accounting (minor)   08/2024 - 12/2026

Valencia College   **Orlando, Florida**
A.A., Computer Science   08/2022 - 05/2024
- Graduated with Honors on the President's List (GPA: 3.94)

Experience

Valencia College   **Orlando, Florida**
Atlas Lab Student Leader (20 hours/week)   03/2023 - 05/2024
- Provided technical guidance to students seeking assistance.
- Developed strong relationships with students by providing personalized assistance and support.
- Performed administrative tasks such as filing paperwork and updating databases.
- Resolved complex problems by working with other departments to provide solutions that meet student needs.

Talal Abu Ghazaleh & Co.   **Khobar, Saudi Arabia**
Audit Intern (30 hours/week)   12/2024 - 12/2024
- Completed a training program in external auditing.
- Prepared and analyzed Cash Flows.
- Performed Audit Risk Assessment.

Projects

Full-Stack Developer – M25 (Personal Project)

- Built a full-stack idea-sharing platform with visibility controls and NDA-gated access to protect sensitive ideas.
- Designed responsive UI/UX for the pages on the website
- Implemented JWT auth, RBAC, and protected routes; created a full NDA workflow (create/retrieve/sign) with per-idea access and fixed a cross-user data-leak bug.
- Built a REST API (Node.js/Express) with MongoDB; added search/sort/filter and favorites; integrated the client via Axios.
- Added secure file uploads with Multer (profile/cover) and validation; tested endpoints with Postman/curl and maintained workflow with Git/GitHub.

Skills

- Programming languages: C, C++, python, Java, and JavaScript programming.
- Full-Stack Web Development: React, Axios, Node.js, UI/UX design, MongoDB, JWT, and bcrypt.
- Financial Statements: Constructing Balance Sheets, Income Statements, Statement of Cash flows, and Journal Entries.
- Accounting skills: Internal Controls, Risk Assessment, Financial Accounting, and Managerial Accounting.

Certification

- Meta Marketing Analytics Certificate

Languages

- Fluent in English and Arabic
